

A pixelated, black and white representation of the equation $x^2 + 0 = 0$. The equation is composed of several elements: a variable 'x' with two small squares above it, a plus sign, a '0' followed by a superscript '2', another 'x', an equals sign, and a final '0'. All elements are rendered in a low-resolution, dithered style.

$$x^2 + 0 = 0$$
